

## **Gillian Levis, Lisburne Primary School**

### **SLE: Special Educational Needs**

Gillian is the Deputy Headteacher at Lisburne Primary School.

Since her appointment as an SLE, Gillian has assisted a number of schools with a range of SEN issues, in addition to supporting development of appropriate assessment procedures for pupils with learning or behaviour difficulties. She has organised and led training to support staff in understanding specialist SEN provision and given practical advice or suggestions linked to a variety of learning opportunities.

Gillian continues to provide ongoing support and guidance for a number of schools within the Local Authority and is always happy to deliver specialist SEN training with regard to developing individualised curriculums or learning programmes for specific students. She was part of the GMHub for P levels and SEN achievement and can therefore help to improve assessment opportunities and highlight visual progress for children with severe and complex learning needs.

The education facilities and schools she has supported have all provided positive feedback on the significant impact and contribution that Gillian has made, supporting leaders, teachers and children.
