

Kellie Carrington, Meadowbank Primary School

SLE: Early Years

Kellie is the Deputy Headteacher at Meadowbank Primary School.

Kellie's specialism is within Early Years where she has substantial experience of leading and impacting on teaching and learning within this phase.

Kellie is one of the Local Authority Early Years Foundation Stage Associate Partners. She has developed an ethos of partnership working which is built upon trust, a shared vision, shared responsibility and sustained collaboration to support the capacity to train leaders, staff, parents and governors; to recognise, implement and evaluate the impact of outstanding Early Years Foundation Stage practice.

Kellie has also supported a number of schools in her SLE role. She has been able to utilise the skills that she has acquired through completing the 'Power of Coaching' programme to enhance the leadership of teaching and learning in schools to support change.

Currently teaching in the Foundation Stage, Kellie is constantly striving to enrich children's experiences and improve outcomes for all by challenging existing ways of working and learning beyond her own school, in partnership with others. Her passion is in developing the professional development of others and actively supporting them by providing highly motivating professional learning in all areas through sharing knowledge and best practice of the Early Years Foundation Stage.
