What is the Sports Premium?

The government is providing funding during the academic year 2018/19 to provide new and substantial primary school sport funding. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school headteachers to spend on improving the quality of sport and PE for all their children.

Possible uses of the funding include:

- Hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- New or additional sport clubs
- Paying for professional development opportunities in PE / sport
- Providing cover to release primary teachers for professional development in PE / sport
- Running sport competitions, or increasing participation in the school games
- Buying quality assured professional development modules or material for PE / sport
- Providing places for pupils on after school sport clubs and residential visits

The approach Gatley Primary have taken is based on the desire to ensure all children benefit from the funding regardless of their sporting ability and that they aspire to and reach a higher standard of physical performance.
